

FIT FOR THE KINGDOM

LUKE 9:51-62

MESSAGE BY PASTOR JOSH LAKE

Fit for the Kingdom - June 2022

Christians have been known by a number of names: Little Christs, disciples, atheists even! Regardless of what we've been called, Christians have always stuck out, seemed strange and out of place in the world. That's because we're going somewhere different than everyone else, and as we go somewhere else we go differently. Some have said we're followers of *the way*.

In today's text, Jesus has three brief conversations with three different men who say they want to follow him. What we discover in his responses to these three men is that following Jesus is unlike following anyone else.

- How have you tried to go your own way? What was the result?
- Have you considered what following Jesus could cost?
- Is following Jesus worst it? Why?
