

What Are You Worth?

Luke 15

1. Value and Worth: The sermon highlights how our culture often measures worth based on external factors like money, beauty, and success. How do you personally measure your own worth, and how does this compare to the way God views you?
2. Lost and Found: The parables in Luke 15 (the lost sheep, the lost coin, and the lost son) emphasize that God values each person deeply, regardless of their status or past. How can we learn to see others as God does, especially those who may be marginalized or different from us?
3. Handling Criticism and Validation: The sermon mentioned how a single negative comment can sometimes overshadow many positive ones. How do you handle criticism and validation from others? What steps can you take to ground your self-worth in God rather than in others' opinions?

4. God's Pursuit of Us: The parables also highlight God's relentless pursuit of those who are lost. In what areas of your life do you need to allow God to pursue you more deeply, and how can you embrace His unconditional love?

5. Sharing Our Worth: The sermon encourages us to share the message of God's love and worth with others. Who are the "lost sheep" around you that may need to hear about the value they have in God's eyes? How can you be an ambassador of this message in your community?
